38 Years in Waterloo — 35 Acres of Nursery Stock

Landscaping

INCREASES YOUR Property VALUE

... and YOU can do
much of the Work Yourself

GUARANTEE AND CONDITIONS

We are careful to keep our varieties true to name and will replace any portion of the stock that may prove otherwise, or refund the price paid for such portions. It is agreed that the original price shall be the maximum damages the purchaser is entitled to. Any material failing to grow will be resupplied at one-half the original cost of the stock provided we are informed of such failure prior to Sept. 1st following purchase.

These prices are for delivery at the nursery or to your residence in Waterloo or Cedar Falls. Out of city orders will be delivered F.O.B. to post office, express, and freight and truck line terminals.

25¢ delivery charge will be made on all orders less than \$2.00.

TERMS OF PAYMENT are cash on or before delivery of the stock, unless previously otherwise agreed upon. Remittances may be by check or any convenient form, payable to Meyers Nursery.

Our Nursery is still at the same location - 1435 Independence Ave., just East of St. Francis Hospital. Although the Highway is now 281 instead of Highway 20

LANDSCAPE SERVICE

We will be glad to help you plan all kinds of landscape work, and give free estimates on any work you want done.

FOR WINDBREAKS and GROVE PLANTINGS

Break the cold of those freezing Winter winds. Plant a windbreak. Your home will be easier to heat, more comfortable. Your livestock will winter better, put on cheaper gains for you, when in the protection of a good windbreak. Every farm home should have the protection and beautification provided by a windbreak. Plant yours this spring.

WINDBREAK EVERGREENS

Prices per each are for transplanted trees with bare roots. Ball and Burlapped trees are priced on page 2.

... Plant MEYERS SHADE TREES ...

Ash Green — A fast growing shade tree. Not easily broken by storms or likely to be injured by pests.

Birch, Cutleaved — Weeping — 30 to 40 feet. A very attractive ornamental tree with white bark and fine drooping branches.

Birch, European White — 30 to 40 feet. A hardy attractive tree with white bark.

Ash, European Mountain — A valuable tree on a small lawn; scarlet berries.

Elm, American White — 80 to 100 feet. One of the best of all shade trees. Thrives in almost all situations.

Elm, Chinese — Extremely rapid and dense growing. Suitable for dry soils. Twigs fine and much bent. Leaves small and remain green late. Cut back heavily in transplanting.

Hackberry — strong, rapid growing shade tree.

Locust, Moraine — 50 feet. A new patented tree completely seedless and thornless with a pleasing vase shape similar to the elm. The small compound leaves make a filtered shade.

Lombardy Poplar, Populus nigra italica—50-70 feet. The well known very columnar poplar widely planted for tall screens, accents and hedges along drives. The dense upright branches form a slender tapering tree from the ground to a slightly pointed top.

Linden—American Tilia Americana — 60 to 80 feet. Large leaves, splendid shade tree.

Maple — Schwedler, Purple Norway — 40 to 50 feet. Large, bright purplish-red foliage in spring, turning to bronzy-green in summer and yellow in fall. Budded on common Norway Maple. One of the most colorful shade trees.

Maple—Hard or Sugar — One of the best shade trees which colors brilliantly in the fall.

Maple, Silver — A beautiful fast growing Maple, with compact, sturdy branches and large, dark green leaves. One of the best.

Maple, Crimson King — In the spring the foliage is a rich red and carries this deep red foliage through the entire season.

Red Oak Pin, Quercus borealis — 60-80 feet. One of the faster growing of the upland oaks.

Oak Pin, Quercus palustris — 75-90 feet. Grows rapidly in moist soil. Leaves are retained and color splendidly. Transplants easier than most oaks. Lower branches somewhat drooping.

Willow, Niobe Willow — 40-50 feet. Golden yellow bark, very long penulous branches. Strikingly beautiful as a specimen or at the waterside. Very rapid grower. Plant early.

PEONIES

Avalanche. A magnificent, pure white with a few pencilings of carmine. Delightfully fragrant; late midseason

Eduis Superba. The large flowers of beautiful deep pink are usually in bloom for decoration Day. Very grant

Felix Crousse. Its large globular flowers, are a brilliant, dazzling ruby-red. Late midseason

Special Offer. One each of the above 3 Peonies for \$2.75

Festiva Maxima. Large flowers, often 7 to 8 inches in diameter. Flowers pure white, dotted carmine. Fragrant; early

Karl Rosefield. Huge ball-like flowers of rich velvety-crimson. Extra fine; early midseason

Longfellow. Perhaps the most brilliant of all red Peonies. Early midseason. Very fine show or garden variety.

Martha Bullock. Gigantic, cupped shaped flowers of bright old-rose pink, Rose-like fragrance; late

Myrtle Gentry. "The Perfect Peony." Immense flowers of beautiful light pink changing to rosy white. Late

Reine Hortense. Very large flowers of beautiful uniform light pink. A prize winner at the shows. Midseason

... Plant MEYERS FLOWERING SHRUBS ...

Pink Flowering Almond—4 to 6 feet. Large, double pink flowers before the leaves.

Barberry, Green Leaf (Thunberg's Japanese) — Ideal for border and low foundation planting. Makes a low, dense, rounded bush 3 feet tall and just as wide. Grows in sun or partial shade. The foliage colors a beautiful bronzy-red in the fall, with bright red berries.

Red Leaved Barberry — 3 to 6 feet. A form with purplish red foliage all summer if in sun.

Cotoneaster Acutifolia Quinceberry—5 to 8 feet. Small glossy, dark green leaves with brilliant fall coloring. Splendid hedge plant.

Gold Twig Dodwood — 6 to 8 feet. Highly decorative with golden yellow bark in winter.

Dogwood, Red-Twigged — 6 to 8 feet. Good foliage coloring red in fall. Bright red bark in winter.

Dogwood Elegantissima — 6 feet. Silver edging on the leaves makes a pleasing contrast to other shrubs.

Euonymus alatus — **Winged Wahoo** — 6 to 10 feet. Broad corky wings on the twigs, red berries and brilliant fall foliage makes this attractive at all season. Unexcelled for specimens.

Forsythia intermedia, Yellow Bells — 6 to 8 feet. Arching branches. Blooms very early. Branches may be forced indoors.

High Bush Cranberry — 6 to 10 feet. The fruiting form of the common Snowball. Bright scarlet berries in the fall.

S60 Hydrangea, P.G. — At first the coneshaped flowers are white, then turn pink and bronze. When cut they last for many weeks inside. It thrives in partial shade. Grows 4 to 6 feet tall and is in bloom from mid-summer to frost.

Honeysuckle Zabelli — 10 to 12 feet. Upright growing dark green foliage, rosy red flowers and bright red fruit. One of the best of all honeysuckles.

Honeysuckle Tartarian — 6 to 8 feet. Upright. Pink or white flowers, red berries.

Lilac, Old-fashioned purple — large very attractive, pleasing fragrant clusters in May. Most popular and loved lilac of them all. Hardy and vigorous.

CLIMBING ROSES

White Dawn — **EVERBLOOMING CLIMBING ROSE.**

Each \$1.50 3 for \$4.00

Blaze, Red — New improved strain of the popular climber, recurrent blooming throughout the summer season until frost. Brilliant 2 to 3 inch, cupped, scarlet-red flowers.

Each \$1.30 3 for \$3.75

Dr. J. H. Nicolas — Patent no. 457 — plant carrying dark green foliage, produces fully double deep rose-pink flowers, everblooming.

Each \$2.00

Golden Shower, (...) Patent No. 1557. (Retail at \$2.75 each; 3 or more \$2.40 each.) Golden Showers is the first winter-hardy, everblooming Climbing Rose, blooms from early spring through late fall.

Each \$2.75 3 or more \$2.40 each

Rothomagensis Lilac—Many large blooms; beautiful reddish-lilac. Very Hardy.

Aurea. Golden Mockorange—5 ft. A dwarf compact variety with yellow foliage.

Coronarius, Sweet Mockorange — 8-10 ft. The old fashioned kind.

Virginalis, Virginal Mockorange— 4 to 5 feet. Large, semi-double, fragrant, quite continuous.

Ninebark Golden Leaf — 4-5 ft. A very hardy shrub having white flowers in May and June. Very attractive yellow foliage.

Prunus-cestana, Hansen's Purple Leaved Plum — 6 to 8 feet. Bright redish-purple foliage throughout the season. Purplish-pink blossoms purple fruit. The best red-leaved shrub.

Triloba—Double Flowering Plum—7-8 ft. Clear pink, double rose-like flowers in April-May. Much admired by everyone.

Quince—Japanese Flowering, Cydonia japonica—4 to 6 feet. Scarlet flowers before the glossy green leaves.

Snowberry—Red, Indian Current — 3 to 5 feet. Endures densest shade and dry soil. Covered with small red berries in early winter.

Snowberry, White — 3 to 5 feet. Endures much shade, large white berries in fall.

Spirea—Anthony Waterer—2 to 3 feet. Very compact, pink flowers all summer.

Billardi—4 to 6 feet. Bright pink fluffy flowers in spikes July-October. Upright grower.

Spirea, Froebelli — 3 to 4 feet. Resembles Anthony Waterer. More vigorous. Purplish-red fall foliage.

Spirea, Thunbergi — 3 to 4 feet. Slender, arching branches and fine feathery light green foliage. White.

Multiflora Rose — Grows bushy, very hard. covered with small white rose in early summer.

Vanhouttei Vanhoutte Spirea—5 to 7 feet. Commonly called Bridal Wreath. White flowers in May. Graceful habit. Thrives almost everywhere.

Tamarix pen randa, Blue-Green Tamarix—4 to 8 feet. Fine feathery blue-green foliage. Racemes of delicate pink flowers.

Weigelia — **Vaniceki Red Flowered Weigelia**—4 to 6 feet. Rich reddish-purple flowers June-August.

Rosea, Pink Weigelia—4 to 6 feet. Mass of pink in June. For protected places.

Privet (Amoor River) — This is the best of the hedge plants. Can be trimmed to any height, very dense, dark green foliage.

Beautiful Garden Lillies

Plant Meyers Large Select Bulbs This Spring for Fine Blooms This Summer

Coral Lily (Tenuifolium) — Charming, small-flowering lily of bright scarlet, blooming through June. Very hardy and long lived.

12-18 inches

3 for 98c, postpaid

Each 39c

Henryi—Rich apricot-yellow. The flower petals are cured beautifully. Height 3 to 5 feet. Blooms August and September.

Each 60c

3 for \$1.65

Gold Banded Lily (Auratum)—One of the most beautiful of all lilies. Large, graceful, fragrant flowers of ivory-white thickly studded with crimson spots, with a golden band through the center of each petal. 3-5 feet July-September.

Each 75c

3 for \$1.80

Rubrum (Speciosum Magnificum)—One of the grandest of them all—extra large flowers of pink and white blend with crimson spots, and sweetly fragrant. Choose a well-drained spot, lightly shaded for finest blooms. 3-4 feet. August-September.

Each 75c

3 for \$1.80

Elegans Atropurpureum—Deep red shaded crimson, large flowers. Splendid for bedding. Height 12 to 15 inches. Blooms in June. Plant 4 to 5 inches deep.

NEW JONADEL

NEW "IOWA STATE COLLEGE" INTRODUCTION — JONATHAN - DELICIOUS CROSS

Bears large fruit, smooth skin, cherry red bark. Red. Crisp and juicy flesh, flavor milder than Jonathan. Blight Resistant Now.

5-6 ft. each \$2.95 3 for \$7.25

CARDINAL SHRUB

Blooms Spring and Fall

The plant without a fault and everblooming. It has taken just a few years to make this new shrub one of the most widely planted shrubs in America. The hardiest Weigela developed to date and continues to thrive and bloom, year after year. Dark green foliage with branches growing erect and even, makes it a most handsome plant. In May and June each plant is covered from top to bottom with hundreds of beautiful bright red trumpet-shaped flowers, measuring 1 to 1 1/4 inches across. To make more bloom for summer and fall, cut sprays for bouquets while in full bloom in spring, as each branch clipped will bloom more freely in summer and, fall. It is easy to grow, not particular as to soil, and lives happily in full sun or partial shade. Once you see it, you will want. If planted this spring, it is sure to bloom this season.

2-3 ft. heavy rooted 2-year plants \$1.25 ea; 3 for \$3.50, postpaid

HETZ JUNIPER

—Hetz. Similar to Pfitzer Juniper in shape but with bluish-gray foliage. 15-18 in. \$5.75; 18-24 in. \$7.50; 2-2 1/2 ft. \$9.50; 2 1/2-3 ft. \$12.00; 3-3 1/2 ft. \$16.00.

Cannab Juniper

Red Leaf Barberry

POTENTILLA, fruticosa, Gold Drop Bush Cinquefoil
2-3 ft. Dwarf. Produces right yellow flowers

Dundee

Keteleeri

Andorra

Maneyii

Maneyii Juniper A new spreading Chinese Juniper originated by Prof. Maney of Iowa State College. Has thick bluish green foliage and a splendid spreading habit. 12-15 in. \$6.00; 15-18 in. \$7.00 18-24 in. \$8.50; 2-2 1/2 ft. \$10.50; 2-3 1/2 ft. \$12.50.

Emerald Arbor Vitae

Upright Yew

Spreading Yew

Maple — Hard or Sugar—One of the best shade trees which colors brilliantly in the fall. See page 2.

HARDY FERNS

Many ask us, "What can I plant in shady places?" Among the very best are these Hardy Ferns. They thrive in the shade. That is their natural home. Perfectly hardy they come up year after year.

MI20 American Maidenhair—Fine on north side. Grows a foot tall.

MI21 Hayscented—Grows in semi-sunny places as well shade. 12 to 18 inches tall.

MI22 Interrupted—Good for foundation planting in shade or part shade. 2 to 4 feet tall.

MI23 Lady—Likes the shade. 1 to 2 feet tall.

MI24 Ostrich Plume—Especially fine for a shady rather moist spot. 2 to 4 feet tall.

Your choice above ferns
5 for \$2.00 - 3 for \$1.25 - Each \$.45

BLEEDING HEARTS

Bleeding Heart (*Dicentra spectabilis*.) The genuine old-fashioned Bleeding Heart, producing many heart-shaped rosy-folwers in drooping spikes. Strong field-grown roots, with 3 to 5 eyes. Each 95c

3 for \$2.65 postpaid
Fern-Leafed Bleeding Heart (*Eximia*.) These lovely pink flowers keep coming all Summer long and the fern-like foliage is very attractive. Grows 1 ft. tall. Thrives in sun or partial shade.

Each 50c 3 for \$1.35

RAINBOW GLADIOLUS

Glads are one of the easiest flowers to grow and are fine for cut flowers, and make brilliant display in the garden. Plant 5-6 inches deep; 6-12 inches apart, for a long season of bloom. Our bulbs are all first size. The varieties we list are some of the finest.

... Specimen Evergreens ...

ARBORVITAE

American, *Thuja Occidentalis*—A selected dark green, broadly pyramidal form grown from cuttings. It is the hardiest and most drought-resistant Arborvitae.

Globe—2½ to 4 feet. A dwarf form which makes compact globes without trimming.

Pyramidal—15 to 20 feet. Grows in columnar form with shearing. Brighter and darker green than the common Arborvitae. Much used in entrance, foundations.

Siberian—10 to 15 feet. One of the hardiest of all the Arborvitae, very compact, broadly conical in form and with dense dark green foliage.

JUNIPER

Chinensis, Chinese Juniper—20 feet. Resembles Red Cedar. Does not get red in winter.

Canarti J. virginia cannarti—15-20 ft. A grafted form, clear green throughout the year. Needs shearing to make a close, regular pyramid. Unexcelled year round.

Dundee—A grafted narrow pyramidal form with compact regular growth without shearing.

Plumosa, Andorra Juniper—1½ feet. A rich, bright green in spring and summer, and attractive purplish bronze in winter.

Pfitzer—5 to 6 feet. A dwarf variety of the Chinese Juniper. The foliage is bluish-green and the branches grow out horizontally from the stem.

Sabina, Savin Juniper—4 to 5 feet. A bushy little tree with semi-erect branches and clear green foliage.

Virginia—25 to 30 feet. Sheared specimens of our native Red Cedar. Splendid blue or green summer coloring, purplish-red in winter. Thrives in poor dry soils.

PINE

Mugho, Dwarf Mountain Pine—3 to 5 feet. This makes a compact dome-shaped bush broader than high. Size apply to width rather than height.

White, P. Strobus—60 to 100 feet the softest foliage of the pines. Endures some shade and is the longest lived and largest growing pine.

Austrian—25 to 30 feet. Bright green at all times and endures city conditions exceptionally well.

SPRUCE

Black Hills—50 to 70 feet. A native of the Black Hills. It does very well over a wide range and makes the finest specimens of all spruce.

Colorado Blue—Selected Blue Specimens or Shiners.

Norway Spruce—A rapid growing, thrifty Evergreen with wide adaptability as to soils and locations.

FIRS

Balsam Fir—Beautiful, heavy, lustrous deep green foliage. Fine for ornamental planting and for "living Christmas trees." Also a good windbreak tree.

Concolor Fir—Long graceful needles, varying in color from light green to gray-blue. Tree grows compact and shapely.

Douglas Firs—A hardy, quick growing, drought resisting, deep green tree. Ideal to use as an ornamental or windbreak tree.

YEW S

Japanese—Japanese Yew, spreading
T cuspidata—4-6 ft. A spreading irregular bush form. Can be kept low by shearing.

Japanese Yew, Upright T. capitata
8-12 ft. Broadly pyramid. May be sheared into any form.

Everblooming Roses

The roses listed on this page are 2-year No. 1 plants grown in Northern California.

Christopher Stone — H. T. sensational new red rose. Large brilliant crimson-scarlet shaded deeper. Has a delicious old-rose scent.

Picture — Velvety clear rose-pink with undertones of salmon. Very double.

Countess Vandall — Long pointed bud, upright stems. Color combination can hardly be described, pink, copper gold and salmon. Fragrant.

Ami Quinard—The "black rose." Crimson-maroon with blackish luster.

McGredy's Yellow—Bright, buttercup-yellow; perfect form; vigorous and healthy.

The Doctor—Large, beautiful buds opening to enormous semi-double, cupped flowers of satiny pink. Fragrant. Plant vigorous and bushy.

M. Rex Anderson, (6.9) Outstanding delicate, lovely ivory-white. Perfectly formed, slow opening. Flowers fully double and of enormous size.

Each of the Above \$1.35; 3 for \$3.75

T Soeur Therese, (7.5). Double blooms of rich yellow. Vigorous.

Poinsetta — H. T. Large unfading scarlet flowers. Long pointed bud.

Pedrales—Large, creamy-white opening to pure white with a yellow center. Airy fragrance.

President Herbert Hoover — Long stems on vigorous plants; extremely large double blooms of creamy yellow.

Each of the Above \$1.35; 3 for \$3.75

Patented Hybrid Tea Roses

New Yorker—Patent No. 825. Brilliant red with color long lasting and sun-resistant. Plant is sturdy, up-right and vigorous. Often measuring 6½ inches across. Each \$2.50 3 for \$7.20

Pink Peace, Patent No. 1759 (Retail \$3.00 each; 3 or more \$2.65 each.) Parents Peace seedlings. Enormous dusty-pink flowers of beautiful form carried erect on heavy canes branching freely at base.

Peace—Patent No. 591. Ovid buds and golden yellow etched with pink as they open, color changes from canary-yellow to pale golden, to iridescent cream.

Each \$2.50 3 or more \$2.20 each

Garden Party, Patent applied for. (Retail \$3.50 each; 3 or more \$3.10 each.) New 1960 A.A.R.S. award winner. Extra large flowers of creamy ivory beautifully flushed with pink on outer edges.

Hardy Perennials

Prices, unless otherwise noted of Perennial Plants:
Each 45c 3 for \$1.25 10 for \$3.75

ASTERS, Hardy — Red, Pink, White, Blue. 50c each.
—**Hardy Ageratum**—Lovely light purple-blue flowers of fluffy texture from August until frost; fine for cutting. 12-18 inch.

AGUILEGIA, COLUMBINES — Not particular as to soil, endures some shade. Red pink, white, yellow.

CREeping PHLOX (subulata)—These grow scarcely four inches tall, with moss-like foliage that stays green all winter. In the spring, completely covered with flowers. Thrives in sun or part shade.

..... Blue, Pink, Red, White

CARNATION—Dwarf 15 in.; compact, double flowers. State variety.

—**Red King**—Bright red.

—**Pink Beauty**—Soft pink.

—**Puff Ball**—White as snow.

CANTERBURY BELLS — Big, bell-shaped flowers loading the 2-ft. spikes. Blooms in June. Blue, Rose and Pink.

DELPHINIUM, Pacific Hybrids—The flowers are immense, 2½ to 3 inches across. The colors range from pure white, sky-blue to deepest indigo-blue, purples, violets, and those exquisite shades of orchid-pink. The plants grow 4 to 7 feet tall with flower trusses often 3 to 4 feet long. Each 59c 3 for \$1.65

—**Bellamosa**—2-4 ft. Like above but dark blue all summer.

—**Benadonna**—2-4 ft. Light blue. all summer.

—**Chinese Blue**—1-2 ft. finely cut foliage. Gentian blue, all summer.

—**Delphinium, Larkspur**—All like limestone soil and good drainage.

GALLIARDA, Blanket Flower—1 to 2 ft. Flowers have red, yellow, and orange blended.

—**Gypsophila (Baby's Breath)**—2 to 3 ft. Great masses of small white flowers in July-August. Lovely in the garden and fine for cutting.

HOLLYHOCKS—6 ft. towers of blooms, with big, double flowers all summer. Red, Pink or Yellow. State color Doz. \$1.75

LYCHNIS Chalcedonica (Maltese Cross) — Very fine durable, old-fashioned flower with dense heads flashy scarlet throughout midsummer.

LUPINUS polyphyllus (Lupine)—Extremely handsome perennial with beautiful palmate foliage and long spikes of brilliantly colored sweet pea-shaped. Plant in well-drained spots with soil that is not too rich and free from lime. Blue, Rose, Red and Mixed shades.

LINUM PERENE, HARD FLAX — 1 to 2 ft. Light, graceful foliage and stems. Pale blue flowers each morning. June-September if cut down occasionally.

—**Morden Lythrum**—It's beautiful—it's hardy — it's grand. Throughout the summer there is a continuous succession of lovely rose-carmine spikes that are ideal for cutting. Originating in Canada, it is completely hardy, thrives everywhere. Plant grows 3 ft. or more tall. 65c Each.

MONARDA—(Haremint) — Fringed flower heads of blazing scarlet appear on 20 to 30 inch stems in July and August; foliage somewhat aromatic.

PERENNIAL SWEET PEA — (Lathyrus) — Hardy creeper or climber, with lovely clustered flowers. pink to rose-red, throughout the summer. Fine for cutting.

Platycodon grandiflora, Ballon Flower—2-3 ft. June. October. Large ball-shaped flowers either blue, White or Pink. Inflated ballon like buds.

Oriental Poppies — 2 feet. Large orange-scarlet flowers with black centers. May-June.

PYRETHRUM, PERSION OR PAINTED DAISY — 2 to 3 feet tall. All colors, white to deep red.

SHASTA DAISY—Early Glistening white flowers in countless numbers during June, are a beautiful sight in the garden; grand in bouquets. Mature growth about 15 in. tall.

Sedum Spetabile—Most notable of the Erect Sedums, producing a mound of excellent light green foliage, topped with immense heads of handsome rose-colored flowers in late summer and fall.

STOKESIA (Stokes' Aster) — We highly recommend this as a border plant. Beautiful aster-flowers of lilac-blue are in abundance nearly all summer.

SWEET WILLIAM — These brilliantly colored old-fashioned garden plants are as indispensable today as they were 100 years ago.

—**Pink Beauty**—A sparkling crushed strawberry-pink.

—**Scarlet Beauty**—A vivid scarlet. Very choice and effective. 1½ ft.

YUCCA filamentosa, Adam's Needle—4 to 6 ft. Tall pyramidal clusters of large creamy flowers; June-July. Heavy 3-year plants, 50c.

CHRYSANTHEMUM

Each 65c; 3 for \$1.75 6 for \$3.25

Algonquin—Fine, brilliant, double yellow. Mid-September. 18 inches.

Amber Glow — A 2½ inch flower of soft salmon or peach pink. Flowers very profusely. Blooms October.

Avalanche—Large well formed double white flowers in great quantities. 2½ to 3 feet. Late September.

Burgundy—Rich deep red, Fully double. Perfect form. Early October. 2½ feet.

Harbinger—Double 2½ to 3-inch flowers of golden bronze. Grow 27 inches tall.

Red Velvet—Double 3-inch flowers of crimson. Grow 24 inches tall.

Lavender Lady—A lovely true lavender, no trace of mauve, purple, or magenta appears under any light condition. Flowers are full, double, 3 inches across. Early October.

Heatherbloom — D. (KRAUS)—Very double; heather-pink, center of shaded rose red with gold tipping. An outstanding flower.

Olive Longland — D. (KRAUS)—Three inch apricot toned salmon-pink. Blooms freely the best of the pastel shades.

September Dawn — Gorgeous deep pink of an autumn sunrise. Large double well formed flowers of 3½ inches.

Arapahoe—Huge rich red flowers. Stems 30 to 36 in. high. University of Nebraska origination.

Cecil Beed—Finest early pink mum.

Blush White—(Nebr.) Beautiful blush white large blooms.

Adoration—Large spreading double blooms. Pink on a cream background. Easy to disbud. Plants will carry 6 to 8 blooms 5 to 6 inches in diameter. Fine for cutting. Late September. 36 inches.

Butterball—30 inch double. Large lemon-chrome.

Dahlia—20 inch double, wine red. September 10.

Duluth—36 inch double, yellow. September 20.

Growing Coals—D. (KRAUS)—Bright deep cherry-red with orange reverse. Well branched plants of large sprays. One of the best early reds.

Polar Ice—A pure white double flower of 3 inches. Grows vigorously, flowers freely, and bunches nicely. Early September.

Pygmy Gold — A distinct, fine Pom Pom type. The color of a clean golden yellow. Early September.

Alabaster—White incurved blooms.

Challenger—Bright bronzy red blooms.

China Gold—Large double yellow.

PHLOX

Each 55c 3 for \$1.50

Dr. Chas. H. Mayo—White with crimson eye.

Eva Forester—Large heads. Flower clear pink.

Fiancee — Beautiful waxy, white flowers.

Flash—New, Showy bright red.

Jules Sandeau—Brilliant watermelon pink.

Prime Minister—White, red eye.

Von Hockberg—Deep, velvety red.

Burgundy—Rich, deep wine glow.

Starlight—Purple, white star eye.

Lillian—Best clear salmon pink.

Mrs. Jenkins—Pure snow white.

Brilliant—Firey scarlet, dark eyes.

ORIENTAL POPPIES

Helen Elizabeth—50c—This is a real acquisition of light La France pink. The petals are deeply crinkled.

Nancy—50c—Deep crimson flowers on long stems, with glossy black blotches at the base of each petal. 28 inches.

Hercules—50c — Immense flower, often 9 inches across, of true scarlet, borne on extra tall and sturdy stem.

Sass Pink—50c—No doubt one of the finest and largest pink poppies.

IRIS

NEW AND BETTER IRIS

Extra large flowers far superior to the oldtime Iris. Numbers after names indicate height.

Blue Monarch—38 in. Very fine. large lavender blue Each 35c

... MEYERS HARDY FRUIT FOR IOWA ...

APPLES

EARLY VARIETIES

Beacon—This new apple originated at the Minnesota Fruit Experiment Station. The fruit is large, solid bright red of very fine quality. It ripens in August.
Yellow Transparent—The favorite early apple. Ripens in July. Bears young, heavily and every year.
Red Duchess—Top of the list for summer cooking apples.

FALL VARIETIES

Weathy—The grand fall apple that does well everywhere. Large size fruit, striped red, tender, juicy, excellent quality.
Fameuse (Snow)—Crimson striped apple, with pure white flesh, juicy and of highest quality with crisp flesh.
Haralson—Large good red apple that keeps all winter. Heavy bearer, very hardy.
Fireside—A hardy and productive tree of the Delicious type, equal to it in quality. Suitable for northern sections.
Red Delicious—This is the original Delicious which originated in Iowa and has been planted from coast to coast for its superb quality and mild juicy flavor.
McIntosh, Solid Red—This large red apple is popular in the east, and also in sections of other states. Flesh snow-white of very high quality.
Yellow Delicious—This is now the most popular yellow apple in all America. It bears young and heavily.
Min-Jon—The brand new, four star "Minnesota—Jonathan," originated by the Minnesota State Breeding Farm. It produces beautiful, luscious apples way up to the Canadian line. Dark shiny red all over, with yellow crisp flesh.

CRAB VARIETIES

Whitney—Always called a Crab, but as large as some apples. Red striped fruit of excellent flavor, not tart. Makes delicious pickles and butter.

PRICES OF APPLES AND CRAB APPLE

	Each	Per 3	Per 6	Per 10

PLUMS

PLUMS

La Crescent—Outstanding yellow plum. The big, tender, sweet fruit makes delicious preserves and pies.
Pipestone—The grand big new purplish-red plum from Minnesota, as large as tropical fruit but all hardy. Finest quality; excellent for canning or eating fresh. Bears young and heavily; ripens in August.
Red Coat—Big prune-shaped plums of vivid scarlet; rich, juicy, meaty flesh of delicious flavor. Entirely freestone.

Stanley—A new prune-type plum from New York that is rapidly becoming the most popular of all plums. Large, dark-blue, prune-shaped fruits. The rich yellow flesh is firm, sweet and delicious flavor. Exceptionally fine for eating fresh and canning. A heavy regular bearer. Ripens in early September.
Superior—A plum that should be in every planting. Immense fruit of clear rich red firm meaty flesh of rich, delicious flavor. Can be peeled as you would a peach. Ripens early in August. A good pollinizer for other plums.

Waneta—Juicy, medium sized fruit of rich, fine flavor; dark purple skin and flesh. Excellent for canning. Bears enormous crops.

PEACHES

PEACHES...

Peaches in Central Iowa should be planted where they will have as much winter protection as possible.
Marquette—Rivalling the Alberta, this peach is a few days earlier and hardier.

Polly—Claimed by some as the hardest peach. A large blushed, free stone, ripening just before the Alberta. White flesh.

5 to 6 feet	Each \$1.85	10 for \$17.00
-------------	-------------	----------------

Canada Red — All red rhubarb. It's positively the sweetest and finest of all. It's rich red color extending to the heart and clear up into the leaves.

Each, \$.90; 3 for \$2.45

Lawn Seed

We offer a special mixture of extra good quality Lawn Seed that we do not hesitate to recommend very highly. We mix only the best grades of seed which insures a good stand of grass. You cannot afford to take chances with your lawn. The best policy is to sow clean seed. In addition our Lawn Seed is Gro-coated. Gro-coat protection means the use of fungicides which disinfect the area around the seed. There is a growth stimulator added which is designed to increase early root development. Home owners tell us they get faster growth, larger plants and many more of them, when they sow Gro-coated lawn grass seed. We mix two grades of seed, one for ordinary seeding and another for shady spots. One pound of seed will sow approximately 250 square feet.

MEYERS LAWN MIXTURE contains 50% blue grass recommended by "Iowa State College" with 5% clover and 45% other fast growing PERENNIAL grasses.

per lb. \$1.00
5 lbs. \$4.75
10 lbs. \$8.50
